

Remote Access to Call Forwarding Plus

Calling Feature User Instructions

A supplement to the **Datavo Business Telephone and Features** user guide.

The call forward remote Access (CFRA) calling feature is an absolutely necessary “follow-me” service for travelers and telecommuters. With CFRA, you can conveniently update the number to which all your calls are forwarded in real-time. CFRA is available to Datavo customers at an additional monthly charge. (Not available on a single use basis.) CFRA works in conjunction with call forwarding, so you must order both features on the same line. To order CFRA, contact Datavo Customer Care at 1-877-732-8286.

Using Call Forwarding Remote Access

Your PIN Number

Your Initial PIN (Personal Identification Number) is 5522 by default. You'll need to change your 4-digit PIN prior to using CFRA, and you can only do so from your own phone line. See the instructions below. If you forget your PIN, please call **Datavo Customer Care at 1-877-732-8286**

Allowable Numbers

With CFRA, you can forward your calls to any valid 10-digit number. Customers are responsible for any applicable long distance charges. Any specific call blocking features that are applied to the line will be applicable to the forwarded number. (For example, if you have blocked long distance calls from that line, CFRA will not allow you to enter a long distance number.)

Changing the Default PIN to Your Own Unique PIN

- 1 Dial the Subscriber Programmable PIN (SPP) feature access code ***81**
- 2 Enter the CFRA feature access code, ***54**.
- 3 Enter your default **PIN, 5522**.
- 4 You'll hear, “**Please enter your new PIN.**”
- 5 Enter and re-enter your new PIN, i.e. 1234
- 6 Upon completion, you'll hear, “**The new PIN number has been updated. Thank you**”

Las Vegas, NV	702-314-9998
LaMesa, CA	619-433-9998
Emeryville, CA	510-940-9998
Bellflower, CA	562-263-9998

Activation and Deactivation of CFRA

- 1 Dial your remote activation (DISA) number per the adjacent matrix.
- 2 Enter the 10-digit telephone number of the phone from which you want calls forwarded, follow by your PIN number.
- 3 Enter ***72** to activate or ***73** to deactivate call forwarding.
- 4 Entering ***72**, you'll hear the following prompt, “**Calls to your telephone will be forwarded to another number, please enter this number now.**”
- 5 Enter the 10-digit number to which you want to forward your calls. For Centrex lines, enter [9] plus the 10-digit number (i.e. **(9+888+777+5802)**)
- 6 You'll then hear the following prompt: “**Calls to your telephone number will be forwarded to XXX-XXX-XXXX. To confirm this press 1; to forward to a different number press 2; to cancel, please hang up now.**”
